(a) whether a large number of sugar mills having letters of intent, have not implemented their schemes for production of sugar upto a fixed target for a long time;

(b) if so, the details thereof; and

THE MINISTER OF FOOD (SHRI AJIT SINGH): (a) to (c) As on 30.6.1995, 135 letters of intent for establishment of new sugar factories and 163 letters of intent for expansion in the existing Sugar Units were pending implementation. The state-wise and sector wise break up of these letters of intent is given in statement I & II, respectively. (*see* below)

The letters of intent are issued with a validity period of 3 years within which the entrepreneurs are required to comply with their conditions. Out of 135 letters of intent pending for establishment of new sugar mills, 75 have been issued during the sugar season 1993-94, (October-September). The balance 60, which were issued prior to Sugar Season 1993-94, are at various stages of implementation. Similarly, out of 163 letters of intent pending implementation for expansion in the existing units, 34 letters of intent have been issued during the 8th Plan (1992-93 to 1996-97). The progress of these pending letters of intent is reviewed from time to time.
